

ANNUAL REPORT 2005

KINGSTON
NEW HAMPSHIRE

DEDICATION
OF THE
2005 ANNUAL REPORT

*Each year, the Town of Kingston is proud to honor one of its own who has made a
significant contribution to our community. It is with sincere gratitude
that the 2005 Annual Report is dedicated to
MARY HESSE*

After vacationing in Town for a number of years, Mary and her husband Ted moved to Kingston permanently in 1979 coming from Cambridge, MA. Both Mary and Ted retired from Harvard University.

From the time Mary moved to Kingston, she has immersed herself in community activities for the benefit of the Town. She has been involved with the Kingston Community House for over twenty years and has served as Director since Gertie McGlinchey's retirement. This has involved numerous hours volunteering at the Thrift Shop as well as coordinating the weekly Senior Citizens Luncheons and periodic recreational trips. Mary commits a huge amount of time each year in providing food and gift baskets at Thanksgiving and Christmas for those in need. This is a tremendous undertaking involving many hours of soliciting donations, coordinating volunteers and the actual assemblage of the baskets.

Even prior to the existence of the Community House and the Town Food Pantry, Mary actively distributed food to the needy on Saturdays at Town Hall.

In addition to her activities with the Community House, Mary has served for many years as a Ballot Clerk at Town Elections.

We would be remiss in not mentioning the significant contribution Mary has made to her parish community, Mary Mother of the Church. She has been a long time Alter Server, Eucharistic Minister and active member of the Social Life Committee. She has also chaired Annual Fairs and Yard Sales with proceeds helping to defray the costs of the religious education programs.

We offer our sympathy to Mary on the recent loss of her husband, Ted. Ted also volunteered much time to his community and church and will be greatly missed.

Again, it is with great pride and appreciation that we recognize Mary Hesse for her ongoing dedication to the Town of Kingston!

Heitz and Peter V. Broderick. She also introduced Bettie C. Ouellette, Town Clerk – Tax Collector, as well as the following Budget Committee Members: Chairman Ellen L. Faulconer, Debra F. Powers, Marilyn B. Bartlett, Carla Crane, Roxanne M. Moore, Gloria M. Parsons, Lynn L. Gainty, Kevin P. St. James, Karen Rota and Sandra Seaman. The meeting was televised.

The Moderator announced the Kingston B.P.W. will be hosting the Candidates' Night on February 16th at 7:00 PM at the Town Hall. The voting will take place on March 8th, 8:00 AM to 8:00 PM, at the Town Hall.

Articles 2 through 10 were zoning questions and the Planning Board had previously held several public hearings on these. Therefore, there was no discussion on these nine articles.

After discussion and deliberation, Articles 11 through 35 will appear on the official ballot as follows:

ARTICLE 11 : Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein,

totaling \$3,660,486? Should this article be defeated, the operating budget shall be \$3,302,788 which is the same as last year, with certain adjustments required by previous action of the Town of Kingston or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 XVI, to take up the issue of a revised operating budget only.

part-time Chief's salary line, will cover salary and benefits for the position for the first 6 month period. A full time Fire Chief will provide better management of the department operations while enhancing and expanding emergency services offered to the town's residents. The position will also better serve the community in meeting changing State and Federal fire service codes and standards.* The full yearly salary without benefits is \$49,500.

The purpose of this warrant article is to align library policy with RSA 202-A:11-a which governs use of proceeds from such equipment. This does not affect the tax rate nor change existing library policy. It requests formal permission to do what the library is presently doing in accordance with New Hampshire law.

ARTICLE 28: Shall the Town vote to modify the Blind Exemption according to the provisions of RSA 72:37a to allow an exemption based on assessed value for

Explanatory Note:

These bylaws have been revised to allow for sales of single grave lots, lots in the Veterans' section of Greenwood Cemetery, updated prices and clarification of cremation remains burials and monument regulations.

Kingston, NH Cemetery Bylaws

1. **Authority:** The care and use of the Town Cemeteries (Plains, Pine Grove, Greenwood, and Millstream) shall be administered by the Trustees of the Trust Funds, who are responsible for enforcing and amending these bylaws as required. Bylaws can only be changed by a vote of the Trustees of the Trust Funds after holding a posted public meeting noticing the proposed change(s).
2. **Sexton:** The Trustees shall appoint a Town Cemetery Sexton and define his or her duties and rate of pay.
3. **Cemetery plots:**
 - a. Grave sites are sold by Trustees of the Trust Funds, and may be purchased by residents or former residents, their relatives, or as otherwise provided for by the Selectmen (per vote of the Town, March 10, 1982). Sites within 100 feet of the memorial flagpole at Greenwood Cemetery are reserved for veterans and their immediate families.
 - b. Grave sites may be purchased individually, or in plots of two or more. Each grave site measures ten feet by three feet four inches. A single grave site may be used for one full burial and/or for cremation remains burials. There is no set limit for number of cremation remains buried, but only one grave marker is permitted for each single grave site.

c. The price of each grave site will be \$300.00, which includes perpetual care (mowing, seeding, weeding, trimming).

d. Burial plots may not be resold, except to the Town of Kingston, which will repurchase lots at the original sales price. Ownership of plots, and grave sites within plots, may be transferred upon death of the purchaser by will or probate in accordance with NH RSA 289:2 and 561:1. It is the responsibility of the recipient(s) of the site(s) to notify the Trustees of the Trust Funds (P.O. Box 880, Kingston, NH 03848) of the change of ownership by providing a copy of the will or probate decree to the Trustees.

e. Plots will be sold by designated numbers as shown on the official map of each cemetery. Deeds for the plots shall be issued by the Town.

4. Monuments and grave markers:

a. Plots of two or more grave sites are permitted one medium-sized monument made of natural stone (maximum footprint of three feet in depth by six feet in width) placed in the center of the back line so as to maintain an even row of monuments in each row of graves.

b. Single-grave sites may have a small stone monument or headstone (maximum footprint of two feet in depth by three feet in width) placed in-line with other monuments in that row.

c. Monuments must be placed on a stone or concrete foundation at least three feet deep.

d. Stone or brick corner markers are required to mark the bounds of the lot and must not protrude more than one inch above the ground. Trustees are responsible for the placement of corner markers.

e. Flush stone grave markers are desirable on multiple-grave plots, and must not protrude more than one inch above the ground. Only one flush marker is permitted on each single grave site.

f. All monuments, headstones and grave markers must be sited entirely within the bounds of the plot, and at a location determined by the Trustees.

5. Interment procedures:

a. Grave preparation shall be the financial responsibility of the plot owner and shall be performed by the Town Cemetery Sexton or by others approved by the Trustees.

b. All full burial graves shall be provided with outside containers (vaults or

liners) made of reinforced concrete, stone, non-ferrous metal, or approved synthetic material.

c. If a container is used for cremation remains, it must be constructed of a permanent (non-decaying) material of sufficient strength as to avoid collapse.

d. To enable location of site boundaries, and to avoid damage to existing graves, interments will not occur when the ground is covered by snow or is frozen. The Trustees may authorize exemptions from this clause at their discretion.

6. Decorations:

Only the following decorations are permitted:

a. Up to two small evergreen shrubs may be planted adjacent to a monument. Living flowers or bulbs may be planted within one foot of the front of a monument. No plantings shall exceed the boundaries of the burial plot. The Trustees reserve the right to trim the shrubs as necessary to maintain the appropriate size and appearance.

b. Natural flowers may be left at a grave site, but will be removed when dead or wilted. No artificial flowers are permitted.

c. One flag in good condition, not to exceed 12 inches by 18 inches, may be displayed at a grave site from Memorial Day through Veterans' Day. All flags will be removed prior to snow covering the ground.

d. The Trustees reserve the right to remove any items infringing on these regulations. Any exceptions to these regulations require the specific approval of the Trustees.

7. Vehicles and animals:

a. All vehicles in a cemetery must remain on established roads and are limited to five miles per hour.

b. No animals are permitted in the cemeteries.

ARTICLE 30: Shall the Town vote to raise and appropriate the sum of \$30,000 to be used to control and reduce the mosquito population which may carry the West Nile Virus?

In addition to Kingston, the towns of Plaistow, Newton, Hampstead, Atkinson, Sandown and Danville are requested to raise and appropriate equal amounts. Additionally, requested funds will assist in funding the position of Community Programs Director. The current Director has a masters degree in social work and will continue to provide professional services and effective grant writing skills in seeking state, federal and foundation funds in support of expanding community based programs. Town support of this position last year directly resulted in grant awards for programs benefiting the two school district communities in the amount of \$169,501 from county, state and federal sources. (Intent: Multiple community collaborative support for social service programs addressing regional concerns is a key component in receiving community program funding.)

RECOMMENDED BY BOARD OF SELECTMEN

RECOMMENDED BY BUDGET COMMITTEE

At the end of the meeting, Ellen L. Faulconer, who is retiring as Chairman of the Budget Committee, was honored for her many years of dedicated service to the Town. Debbie Powers presented her a gavel and a bouquet of fresh cut flowers on behalf of the Budget Committee. Mark Heitz presented her with a bouquet of long stem roses on behalf of the Town. Ellen has also served on the Board of Selectmen as well as the Planning Board. Holly Ouellette, Deputy Town Clerk, presented her with an original poem "What's in a Name"

The following regulations in this ordinance shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency (FEMA) in its "Flood Insurance Study for the County of Rockingham, NH" dated May 17, 2005 or as amended, together with the associated Flood Insurance Rate Maps dated May 17, 2005 or as amended, which are declared to be a part of this ordinance and are hereby incorporated by reference.

Topical Note: This action is required to insure the Town of Kingston's continued participation in the National Flood Insurance Program.

ARTICLE 4: Are you in favor of the adoption of Amendment number 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article VII, Supplemental Provisions, by adding the following new section 7.140:

In accordance with RSA 674:35, I, the Planning Board is authorized to require preliminary subdivision review. The subdivision regulations regarding the requirements of such review are to be prepared and adopted by the Planning Board.

Topical Note: This amendment would allow the Planning Board to require developers to discuss plans prior to drafting by a professional engineer. Such mandatory meetings allow the Planning Board to better explain Town requirements before developers spend money on design plans.

ARTICLE 5: Are you in favor of the adoption of Amendment number 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

6.10.2 No new building shall be occupied until the certificate of occupancy shall have been issued by the Building Inspector. A new certificate of occupancy shall be required for each new occupant. In the case of multi-businesses in one structure, a separate certificate of occupancy is required for each business.

ARTICLE 6: Are you in favor of the adoption of Amendment number 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Town's Aquifer Protection District's Prohibited Uses section 19.40.5, I, by changing the wording to read: "Establishments with On-site Dry Cleaning are prohibited".

Amend section 19.40.6 by adding a new section "H" to read "Dry cleaning establishments for drop-off and pick-up only with no dry cleaning to take place on site."

ARTICLE 7: Are you in favor of the adoption of Amendment number 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To add the following language to the Special Exception Criteria to Commercial Zones C-I and C-II:

SPECIAL EXCEPTIONS:

If, after a Public Hearing by the Board of Adjustment, a proposed Business not specifically permitted or prohibited in this zone, is found to conform in character of operation and would be in harmony with the permitted uses as described in this Zone, then such use may be allowed by Special Exception of the Board of Adjustment, subject to appropriate conditions and safeguards as may be deemed necessary by said Board of Adjustment. The Board shall deny requests for special exceptions that do not meet the standards of this section.

Special Exceptions shall meet the following standards:

- (a) No detriment to property values in the vicinity or change in the essential characteristics of any area including residential neighborhoods or business and industrial districts on account of the location or scale of buildings and other structures, parking area, access ways, odor, smoke, gas, dust or other pollutant, noise, glare, heat, vibration or unsightly outdoor storage of equipment, vehicles or other materials.
- (b) No creation of traffic safety hazard or substantial increase in the level of traffic congestion in the vicinity.
- (c) No excess demand on municipal services including, but not limited to: water, sewer, waste disposal, police, fire protection, and schools.
- (d) No hazard to the public or adjacent property on account of potential fire, explosion or release of toxic materials.
- (e) Notification of the hearing will be provided to the Planning Board, Conservation Commission and Board of Selectmen.

If the Special Exception is granted, formal site plan review by the Planning Board is required.

Topical Note: This established the same set of standards for all three commercial zones brings into conformance all three commercial zones by having the same language and also provides necessary guidance to the Zoning Board of Adjustment.

ARTICLE 8: Are you in favor of the adoption of Amendment number 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend section 19.40.3 of Article XIX, Aquifer Protection District to read as follows:

Within the Aquifer Protection District, no more than 35 percent of a single lot

may be rendered impervious to groundwater infiltration. However, lot coverage may be increased up to 50 % if the applicant can show stormwater management techniques that would allow for recharge on the property to be developed.

Topical Note: This mirrors the language found in Commercial Zones I and II and would provide for conformity throughout the Aquifer Protection District with respect to lot coverage allowance.

ARTICLE 9: Are you in favor of the adoption of Amendment Number 9, as proposed by petition for the existing Town Zoning, Building, and Land Use Ordinances as follows:

(a) Amend Section 4.30.3 to read:

“Pre-existing Use: Non-conforming uses legally in existence prior to the enactment of this ordinance may be continued, maintained, repaired and improved, unless and until such use becomes an imminent hazard to public health and safety. Non-conforming uses may not be expanded or changed to other non-conforming uses, however, non-conforming uses on lots with frontage on NH Route 125 may be expanded or changed, so long as any expansion complies with the provisions of Section 4.30.5 of this ordinance, any change of use complies with 4.30.4 of this ordinance, and all expansions or changes of use comply with all other terms of this ordinance.”

(b) Add a new Section 4.30.5.9 that reads:

“4.30.5.9 The provisions of Sections 4.30.5.1 (“Building Height”), 4.30.5.3 (“Commercial building area”), and 4.30.5.4 (“Signs”) shall not apply to lots with frontage on NH Route 125, however, the provisions of 4.80.14.1 (“Height”), 4.80.11 (“Lot coverage”), and 4.80.16 (“Signs”) shall apply to such lots instead.”

NOT RECOMMENDED BY THE PLANNING BOARD

ARTICLE 10: If Warrant Article # 2 Commercial Zone C-3 passes, are you in favor of the adoption of the following amendment to the article as proposed by citizens’ petition?

Amend Description of Zone to add the following lots: R19-7, R19-8, R19-15, R19-16, R26-38, R26-38A, R26-39, R8-40, R8-40-A, R8-41.

Petitioner’s Editorial Note: Seven of these properties are just north of the proposed new commercial C-3 Zone, at the intersection of Route 125 and New Boston Road. The other three are adjacent to the Pond View Restaurant property. These property and business owners are experiencing the same problems encountered by the business owners in the southern Route 125 area caused by the legislation passed last year. Commercial Zone C-3 was drafted by the Planning Board to solve those problems. The above property owners are asking for the same consideration.

Explanatory Note:

These bylaws have been revised to allow for sales of single grave lots, lots in the Veterans' section of Greenwood Cemetery, updated prices and clarification of cremation remains burials and monument regulations.

Kingston, NH Cemetery Bylaws

1. **Authority:** The care and use of the Town Cemeteries (Plains, Pine Grove, Greenwood, and Millstream) shall be administered by the Trustees of the Trust Funds, who are responsible for enforcing and amending these bylaws as required. Bylaws can only be changed by a vote of the Trustees of the Trust Funds after holding a posted public meeting noticing the proposed change(s).

2. **Sexton:** The Trustees shall appoint a Town Cemetery Sexton and define his or her duties and rate of pay.

3. Cemetery plots:

a. Grave sites are sold by Trustees of the Trust Funds, and may be purchased by residents or former residents, their relatives, or as otherwise provided for by the Selectmen (per vote of the Town, March 10, 1982). Sites within 100 feet of the memorial flagpole at Greenwood Cemetery are reserved for veterans and their immediate families.

b. Grave sites may be purchased individually, or in plots of two or more. Each grave site measures ten feet by three feet four inches. A single grave site may be used for one full burial and/or for cremation remains burials. There is no set limit for number of cremation remains buried, but only one grave marker is permitted for each single grave site.

c. The price of each grave site will be \$300.00, which includes perpetual care (mowing, seeding, weeding, trimming).

d. Burial plots may not be resold, except to the Town of Kingston, which will repurchase lots at the original sales price. Ownership of plots, and grave sites within plots, may be transferred upon death of the purchaser by will or probate in accordance with NH RSA 289:2 and 561:1. It is the responsibility of the recipient(s) of the site(s) to notify the Trustees of the Trust Funds (P.O Box 880, Kingston, NH 03848) of the change of ownership by providing a copy of the will or probate decree to the Trustees.

e. Plots will be sold by designated numbers as shown on the official map of each cemetery. Deeds for the plots shall be issued by the Town.

4. Monuments and grave markers:

a. Plots of two or more grave sites are permitted one medium-sized monument made of natural stone (maximum footprint of three feet in depth by six feet in width) placed in the center of the back line so as to maintain an even row of monuments in each row of graves.

b. Single-grave sites may have a small stone monument or headstone (maximum footprint of two feet in depth by three feet in width) placed in line with other monuments in that row.

c. Monuments must be placed on a stone or concrete foundation at least three feet deep.

d. Stone or brick corner markers are required to mark the bounds of the lot and must not protrude more than one inch above the ground. Trustees are responsible for the placement of corner markers.

e. Flush stone grave markers are desirable on multiple-grave plots, and must not protrude more than one inch above the ground. Only one flush marker is permitted on each single grave site.

f. All monuments, headstones and grave markers must be sited entirely within the bounds of the plot, and at a location determined by the Trustees.

5. Interment procedures:

a. Grave preparation shall be the financial responsibility of the plot owner and shall be performed by the Town Cemetery Sexton or by others approved by the Trustees.

b. All full burial graves shall be provided with outside containers (vaults or liners) made of reinforced concrete, stone, non-ferrous metal, or approved synthetic material.

c. If a container is used for cremation remains, it must be constructed of a permanent (non-decaying) material of sufficient strength as to avoid collapse.

d. To enable location of site boundaries, and to avoid damage to existing graves, interments will not occur when the ground is covered by snow or is frozen. The Trustees may authorize exemptions from this clause at their discretion.

6. Decorations:

6. Decorations:

Only the following decorations are permitted:

a. Up to two small evergreen shrubs may be planted adjacent to a monument. Living flowers or bulbs may be planted within one foot of the front of a monument. No plantings shall exceed the boundaries of the burial plot. The Trustees reserve the right to trim the shrubs as necessary to maintain the appropriate size and appearance.

b. Natural flowers may be left at a grave site, but will be removed when dead or wilted. No artificial flowers are permitted.

c. One flag in good condition, not to exceed 12 inches by 18 inches, may be displayed at a grave site from Memorial Day through Veterans' Day. All flags will be removed prior to snow covering the ground.

d. The Trustees reserve the right to remove any items infringing on these regulations. Any exceptions to these regulations require the specific approval of the Trustees.

2005 REPORT OF TOWN CLERK-TAX COLLECTOR

In 2005 there was an increase of \$2,106 in Motor Vehicle revenue, compared to a decrease of \$23,763 in 2004, an increase of \$83,932 in 2003 and \$52,486 in 2002. Total vehicles decreased by 178. Grand total of vehicles registered was 8747. Total receipts for the Clerk increased by \$601.92, compared to \$23,217 last year, \$23,983 in 2003, and \$53,865 in 2002. Boat Tax revenue decreased by \$596.08. Validation of the preprinted boat forms starts in January. These are online in our office. These forms are sent to the owners from Concord. Vital Statistic reports are online in our office from the Vital Records Dept. in Concord, and are printed in the back pages.

Dogs licensed for the year were 882, plus 13 groups. The revenue increased by \$460. Many thanks to the Police Dept. and the A.C.O., Barbara Glynn, for their excellent cooperation in trying to get delinquent dog licenses collected. All dogs must be licensed every year by April 30th. After May 31st, there is a \$1.00 per month penalty added for each dog. The fees are Females \$9.00; Spayed and Neutered \$6.50. If over 65, one dog is \$2.00. Be sure your dog is licensed, and the rabies shot is current.

During the year there were many people added to the Official Checklist. We do this work in conjunction with the Supervisors of the Checklist. Thanks to Eddie C. Thurnquist, Chairman, Robert L. Pothier, Jr., and Dale G. Winslow for their fine cooperation. Residents can now register at the polls on Election days, and then vote. This has caused ALOT of confusion. The office registrations close 10 days before any election.

In 2006, there will be three elections -- Town Meeting on March 14th; State Primary, September 12th; and the General Election on November 7th. Polls will be open 8am to 8pm at the Town Hall. The Deliberative Session will be on Feb. 7th at 7pm at the Town Hall. A booklet will be sent out this year to help everyone understand the various articles to be voted upon. Special thanks to all the dedicated people who work all day and part of the night to make the elections run smoothly. Call us at 642-3112 with any questions.

We have continued to keep the census daily and as of 12/31/2005, the population was 7447, an increase of 57 from last year. In order to keep these figures on a current basis, 1293 entries were made. It is very DIFFICULT to keep track of those who are constantly moving. Anyone with rentals, etc, needs to let us know about people moving in or out. Thank you for your cooperation.

As of Dec. 18, 2000, we went ONLINE with the Motor Vehicle Dept. in Concord. Hopefully everyone is still happy with this service, as this means when you leave our office, you are already ONLINE in the State computer system. A Mandatory training took place in July 2005 as still another new State system was installed. It has had MANY glitches in it and it has been most frustrating for us. All records now have to match and many problems are surfacing. We then have to call Concord on our direct line to solve the problems before we can continue.

In the Tax Dept, the total collections for the year were \$11,973,357.83. There is still MUCH confusion on the twice a year billing, and many people pay the whole bill the first time, which creates a credit balance to be carried over to the second bill. However, some still paid the wrong amount on the second bill causing additional refunds to be made by the Selectmen. If there is any confusion, please call us first for help.

In 2005, the Selectmen estimated the rate at \$18.07 which was the 2004 rate, and the first bills were due July 1st. The Official rate was set by the Dept. of Revenue Administration in Concord, and it was received on Nov. 2nd. The new rate was \$19.10, an increase of \$1.03. After many EXTRA hours, the bills were in the mail on Nov. 4th, dated November 7th; so they would be due on Dec. 7th. Many thanks to all those who paid promptly. Some mortgage companies sent their payments in late, causing a problem with balances due for interest.

Also, several balances in the Lien file have been reduced. Partial payments are always welcome, and all payments are appreciated. After the taxes go into the Lien file, the interest increases from 12% to 18% per annum. The owners still have two years to redeem the taxes.

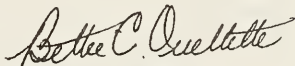

Once again, KINGSTON DAYS was a BIG success and everyone enjoyed the festivities. It was a record attendance, with beautiful weather. Thanks to everyone who helps in any way to make this annual event a pleasant one for everyone. Volunteers are always needed and if interested, please contact Joe "Superman" Thompson. Come join the fun AUGUST 4, 5 & 6, 2006. Many things will be continued, including the Flea Market, Car Show, Horse Shoes, Crafts, Art Show, Taste of Rockingham, Wayne from Maine, Martha Dana Puppeteer, Dan Grady and his Marionettes, etc, etc. Souvenirs are available all year at my office, and we have a special booth on the Plains for the August event. Thanks to everyone for all their support and assistance.

Another year has passed and time still flies by as I continue to serve to the best of my ability. I have served as Tax Collector since March, 1960 and Town Clerk since March, 1970. Now the offices are combined and there's never a dull moment! I want to express my sincere appreciation to all elected officials as well as various committee members. I am deeply indebted to Holly Ouellette, Deputy Town Clerk – Tax Collector, for her dedication to the Town and for her countless "Volunteer" hours that she puts in until the jobs are finished. She is fully trained and can handle all aspects of the job if I am absent for any reason.

Many thanks to the Selectmen, as well as Ann, Kathy and Cindy for their cooperation. Also, thanks to Donald W. Briggs, Jr., Police Chief and all his officers; Alan Krauss, Maintenance Supt.; Ellie Alessio, Moderator; Bill Seaman, Fire Chief; Richard St. Hilaire, Road Agent; Robert Steward, Building Inspector; and Larry Middlemiss, Health Officer. The Town runs smoothly because everyone works together.

Thanks to all the residents for your continued cooperation and support.

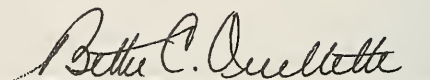

God Bless America!

2006 WARRANT

ARTICLE 1: To elect the following officers: One Selectman for a term of three years; One Moderator for a term of two years; One State Senator for a term of two years; Eight Representatives to the General Court for a term of two years; One Town Clerk – Tax Collector for a term of three years; One Road Agent for a term of three years; One Supervisor of the Checklist for a term of six years; One Trustee of the Trust Funds for a term of three years; Three Library Trustees for a term of three years; One Fire Ward for a term of three years; One Planning Board Member for a term of three years; One Alternate Planning Board Member for a term of three years; Seven Municipal Budget Committee Members: Four Members for a term of three years; Two Members for a term of two years; One Member for a term of one year.

SAID ARTICLE TO BE VOTED ON BY WRITTEN BALLOT

ARTICLE 2: Are you in favor of the adoption of Amendment number 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add the following language to Article XXIII, Innovative Zoning Ordinance (IZO) paragraph 23.20.5:

All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set aside for open space of which forty percent (40%) shall be contiguous.

Insert after “ways(:).” the following to become the last sentence of the paragraph: The Planning Board reserves the right to approve, from the options below, the holder of open space rights.

Topical Note: The first section of this amendment clarifies that a percentage of wetland areas need to be contiguous and the second section allows the Planning Board a greater role in determining how open space will be handled in each development.

ARTICLE 3: Are you in favor of the adoption of Amendment number 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

In Commercial Zone C-I and C-II add the following to permitted uses:

Professional office and business parks and business center development.

ARTICLE 4: Are you in favor of the adoption of Amendment number 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the innovative zoning ordinance by adding the following language to become a new paragraph B in section 23.20.2, Building Density:

In those zones that permit multi-family housing, the residential unit calculation result may be converted to a bedroom count by multiplying the unit total by a factor of 4 (e.g., 15 units yield a bedroom count of 60). The total bedrooms may then be configured by the applicant into dwelling units of 1-4 bedrooms, with no more than 6 units per structure.

Twenty-five percent (25%) of such units shall not exceed 1200 sq ft. of heated living space (this excludes basements, breezeways, garages and porches). All unit deeds shall contain covenants that prohibit expansion of the heated living space. The remaining units are not restricted in maximum size.

And to repeal section 23.20.7 regarding the single bedroom apartment requirement in the present ordinance.

Topical Note:

This amendment allows greater development flexibility for those individuals utilizing the Innovative Zoning Ordinance. It also deletes the existing requirement for a quadplex of single bedroom units.

ARTICLE 5: Are you in favor of the adoption of Amendment number 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the town's home occupation ordinance at section 7.90.3.h by replacing "two (2) tons gross weight with "twelve thousand (12,000) lbs Gross Vehicle Weight Rating".

Topical Note:

This amendment is made to allow vehicles commonly used in home occupations to be located on the residential property.

ARTICLE 6: Are you in favor of the adoption of Amendment number 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article VI, section 6.10.2 by adding a second paragraph to read as follows:

Before an occupancy permit shall be issued, certification will be provided by the Building Inspector that the site is in compliance.

ARTICLE 7: Are you in favor of the adoption of Amendment number 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Innovative Zoning Ordinance by adding a second paragraph under 23.10, Procedures, to include the following language:

For all residential subdivisions or residential site plans of 20 acres or more the Planning Board shall have the option to require any conventional subdivision applicant to also present an innovative zoning plan. The Board shall retain the discretion to require such application to be developed as an innovative zoning application.

Topical Note:

This amendment requires developers of any proposal of twenty acres or greater to submit a conventional subdivision plan as well as an innovative zoning plan. In this way, the Town should benefit by the better proposal being developed.

ARTICLE 8: Are you in favor of the adoption of Amendment number 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article IV, Section 4.50, Housing for Elderly District by adding new criteria to become section 4.50.4 as follows:

Elderly Housing

A. Authority

In accordance with RSA 674:21(c), (f), (h) and (k), this ordinance is adopted to permit the establishment and construction of affordable and market rate elderly housing in Kingston. Consistent with the provisions of RSA 674:21, the ordinance provides for a use incentive that permits increased densities and development flexibility.

B. Purpose

This ordinance seeks to address the housing needs of the elderly, and to encourage the development of such housing to meet the needs of persons who have lived in Kingston and who would like to continue to reside in Town, but who are no longer able or interested in residing in and maintaining a conventional residence. The ordinance also seeks to address the economic needs of those elderly who are unable to afford market rate housing in their retirement years. This ordinance is divided into two parts: Affordable Elderly Housing, which aims to provide housing for persons over the age of 55 who meet

certain state and federal maximum income criteria and which generally appeals to retirees on a limited or fixed retirement income, and Market Rate Elderly Housing, which is housing restricted to occupancy by persons over the age of 55, but which has no income eligibility criteria. This ordinance encourages the development of elderly housing by permitting such housing to be developed at a unit density and with a certain amount of planning flexibility that is greater than that permitted for conventional single family housing development. The Townspeople recognize that one aspect of elderly housing development is that the housing built will continue to be put to this use in perpetuity, consistent with restrictive covenants allowed by state and federal law that permit occupation to be limited exclusively to persons over age of 55. The effect of such age restricted occupation is that this housing will add no school aged children to the Town's school enrollment, yet such housing will be assessed for purposes of property taxation at the fair market value of such housing, thereby paying the full municipal, school, county and state property tax rates. The net effect of such assessment and taxation is to create a significantly positive tax impact when measured against the demand for school and municipal services that elderly housing creates.

C. Definitions

- 1) "Affordable Elderly Housing" is housing where one hundred percent (100%) of the Units approved and constructed shall meet the guidelines of applicable state and federal affordable housing income eligibility criteria. Affordable Elderly Housing shall be designed and constructed in accordance with the State of New Hampshire Architectural Barrier Free Design Code, as amended. It shall be operated by or funded by a federal, state or non-profit program that provides below market rate housing as part of its purpose.
- 2) "Bedroom" shall mean a room (other than a bathroom), with an interior door and closet.
- 3) "Market Rate Elderly Housing" shall mean housing that is permitted and constructed without regard to market subsidies, or state or federal income eligibility considerations.
- 4) "Unit" shall mean a single residential dwelling, with no more than two (2) bedrooms.

I. AFFORDABLE ELDERLY HOUSING:

- A) **Location:** this use is permitted by a special use permit granted by the Planning Board as an overlay use in the portion of the R-34 zoning district that is SW of Route 125 and the R-33 zoning district.
- B) **General Standards:**

All Affordable Elderly Housing developments shall conform to the following standards:

1) Dimensional and Density Requirements:

- a) Maximum density: six (6) Units per acre of gross tract area excluding all wetlands as defined by this ordinance.
- b) Minimum acreage: ten (10) acres.
- c) Maximum building height: thirty five (35') feet, measured at the top of the roofline.
- d) Maximum building floors/stories: two (2)
- e) Minimum Lot Frontage: at least sixty (60') feet on a public road.
- f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met, however, the dwelling units may be clustered within the gross tract area.
- g) All dwelling units shall have a minimum floor area of 600 square feet and the master bedroom shall be on the primary floor.

2) Other Standards:

- a) Units shall be specifically designed to provide housing for elderly residents, and shall contain the usual amenities and living aids found in housing designed for use by the elderly. The applicant shall demonstrate that each Unit shall be designed to meet the needs and accessibility requirements of the elderly as reflected in HUD's Fair Housing Accessibility Guidelines. Units shall have a maximum of two bedrooms. Buildings shall be separated by a minimum space of thirty-five (35') feet. No individual Unit shall exceed 1,500 square feet of living space.
- b) Parking facilities shall comply with existing site plan review regulations, unless the Planning Board

authorizes waivers following submission of information showing a decreased need for on-site parking. The Planning Board may require land to be set aside for future expansion of parking facilities and may require a performance security be posted by the applicant to ensure its construction in the event actual parking demand exceeds the amount required to be constructed after a waiver has been granted.

- c) Units may be owner-occupied or rented. However, all permanent resident/ occupants of all Affordable Elderly Housing Units shall be at least 55 years of age. "Occupant" shall mean any person who stays overnight in a Unit for more than twenty-one (21) days in any sixty (60) day period or for more than thirty (30) days in any 12-month period. The over 55 age restriction shall not apply to persons who stay overnight to provide nursing or physical assistance care to a unit resident, or to related family members who are over the age of twenty-one (21) and who have a physical or mental disability as determined by applicable law.
- d) The design and site layout of all such Affordable Elderly Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling Units and preserve the natural character of the land.
- e) All such Affordable Elderly Housing development shall make provision for pedestrian access within the development and, to the extent possible, to off-site community facilities.
- f) All such Affordable Elderly Housing developments shall be landscaped to enhance their compatibility with surrounding areas, with emphasis given to the utilization of natural features wherever possible.
- g) The perimeter of all such Affordable Elderly Housing developments shall be treated with a landscaped buffer zone of a minimum of twenty-five feet (25') which may consist in whole or in part of existing natural growth.

- h) Existing trees and vegetation must be incorporated into the landscaped buffer and landscape design. Fencing alone shall not be considered an acceptable method of screening, but fencing may be an element of design.
- i) The Planning Board may require that all roads within the development shall be privately owned and built according to Town standards.
- j) The Planning Board retains the right to approve the specific road construction and width and structure layouts for the purpose of the health, safety, and welfare of the town as well as for efficiency and aesthetic variety and quality of design.
- k) Conversion of Affordable Elderly Housing to other uses shall not occur unless the proposed use complies with all then applicable zoning and site plan regulations, even if such conversion requires the demolition of excess Units.
- l) The Planning Board shall maintain and exercise the authority to approve or disapprove all proposed Affordable Elderly Housing developments. The Planning Board shall act reasonably in exercising such discretionary authority but shall take into consideration such factors, for example, as: the health, safety and general welfare of the citizens of Kingston; the aesthetic impact on immediately surrounding areas; whether the design is adequate to meet the unique needs of elderly residents; and whether the proposed development complies with the requirements of Kingston's Subdivision and Site Plan Regulations, which provisions the Board may waive or relax in its discretion to encourage the development of this type of housing.
- m) The Applicant/Owner shall incorporate a written enforcement mechanism satisfactory to the Planning board and its legal counsel whereby on an annual basis, a written age based census of the existing Occupants shall be provided to the Planning Board. Upon any Unit change in ownership or tenancy, the age of any new occupants shall be given to the Planning Board within thirty (30) days of

B. General Standards:

All Market Rate Elderly Housing shall conform to the following standards:

- 1) **Dimensional and Density Requirements:**
 - a) Density: six (6) Units per acre.
 - b) Minimum acreage: twenty (20) acres.
 - c) Maximum Building height: thirty-five (35') feet, measured at the top of the roofline;
 - d) Maximum building floors/stories: two (2)(excluding basement). A master bedroom shall be located on the first floor.
 - e) Minimum Lot frontage: sixty (60') feet on a public road.
 - f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met; however, the dwelling units may be clustered within the gross tract area.

- g) All dwelling Units shall have a minimum floor area of 600 square feet.

2. Other Standards:

- a) Units shall be specifically designed to provide housing for elderly residents. Units shall have a maximum of two bedrooms, may not exceed thirty-five feet in height, and may be either one or two stories. Buildings shall be separated by a minimum space of forty (40) feet, with an additional ten (10) feet of building separation for each additional Unit in a building. There shall be a maximum of four (4) Units per building. No individual unit shall exceed 2,400 square feet of living space.
- b) Adequate on site space shall be provided for off-street parking for two vehicles per Unit.
- c) Except as noted in the proviso contained in this subparagraph, all such market rate elderly housing developments shall comply in all respects with the Town of Kingston' Site Plan Review Regulations and/or Subdivision Regulations, though the Planning board may grant waivers from such regulations; provided, however, that any Growth Control regulations and School Impact Fees shall not apply to any Market Rate Elderly Housing developments.
- d) Units may be owner-occupied or rented. However, all occupants of all elderly housing Units shall be at least 55 years of age. "Occupant" shall mean any person who stays overnight in a Unit for more than twenty-one (21) days in any sixty (60) day period or for more than thirty (30) in any 12-month period. This over 55 age restriction shall not apply to persons who stay overnight to provide nursing or physical assistance to a unit resident, or to related family members who are over the age of twenty-one (21) and who have a physical or mental disability as determined by applicable law.

- e) The design and site layout of all such Market Rate Elderly Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling units and preserve the natural character of the land.
 - f) All such Market Rate Elderly Housing development shall make provision for pedestrian access within the development and, to the extent possible, to off-site community facilities.
 - g) All such Market Rate Elderly Housing developments shall be landscaped to enhance their compatibility with surrounding areas, with emphasis given to the utilization of natural features wherever possible.
 - h) The perimeter of all such Market Rate Elderly Housing developments shall be treated with a landscaped buffer zone of a minimum of twenty-five feet (25') which may consist in whole or in part of existing natural growth.
 - i) The Planning board may require that all roads within the development shall be privately owned and built according to Town standards.
 - j) The Planning Board retains the right to approve the specific road construction and road width and structure layouts for the purpose of the health, safety, and welfare of the Town as well as for efficiency and aesthetic variety and quality of design. The applicant shall demonstrate that each unit shall be designed to meet the needs and accessibility requirements of the elderly as reflected in HUD's Fair Housing Accessibility Guidelines.
 - k) The provisions of this elderly ordinance shall supersede any other inconsistent or conflicting dimensional or density provisions of the Kingston Zoning Ordinance.
- 3) **Common Land/Open Space:** In every Market Rate Elderly Housing development, common land/open space shall be set aside and covenanted to be maintained permanently as open space. The required amount of open

space for all Elderly Housing developments shall be calculated as follows:

- a) All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set aside for open space, of which forty percent (40%) shall be contiguous.

In calculating common/open space area, the following shall not be included: public right-of-way, soils with slopes over 25%, and parking lots. For developments with interior lot lines, the areas inside the lot lines shall not be included in the open space calculations.

- 4) **Use of Common Land:** Such common land/open space shall be restricted to recreational uses such as park lands, swimming pool, tennis courts, golf course, walking trails or conservation. While the property setbacks are considered part of the common land/open space, none of the above uses, other than walking trails, shall be allowed within these areas, nor any other uses that would disturb the natural vegetation within these areas. These restrictions of the use of the common land/open space (including the landscaped buffered area), shall be stated in the covenants running with the land.
 - a) Access to Open Space/Common Land. Such common land shall have suitable access to a road or walking trail within the development.
 - b) This common open space shall be permanently restricted for recreation, open space or conservation uses. It shall not be re-subdivided but may contain accessory or utility structures and improvements necessary for the development or for educational or recreational use. The Planning Board reserves the right to approve, from the options below, the holder of open space rights. The open space or common land, or any portion of it shall be held, managed and maintained by the developer until it is owned, in one or more of the following ways:

- 1) By a Homeowners, or Condominium Association, set up by the developer and made a part of the deed or agreement for each lot or dwelling unit;
 - 2) By a Conservation Trust or private nonprofit organization, such as the Society for the Protection of New Hampshire forest or Audubon Society; which will ensure that the common land will be held in perpetuity as open space;
 - 3) A public body which shall maintain the land as open space for the benefit of the general public – for example, the Town.
 - 4) All agreements, deed restrictions, organizational provisions for a Homeowners' Association and any other method of management of the common land shall be established prior to Planning Board approval.
 - 5) Common open space areas shall have adequate access to allow for recreational use of those areas.
- 5) **Legal Documents:** It shall be the responsibility of the developer/builder of each such elderly housing development to establish a Home Owner's Association and to prepare and adopt appropriate Articles and By-Laws which are to be submitted in advance to the Planning Board and Town Counsel for their review and approval. In preparing the Articles and By-Laws, particular consideration shall be given to accommodating the unique needs of the elderly citizens. The creation of the Home Owner's Association and the Articles and By-Laws shall be at the sole expense of the developer/builder and the costs of the review by the Planning Board and Town Counsel shall also be borne by the developer/builder. Any association formed for the purpose of elderly housing must have stipulated in their By-Laws and Declaration of Covenants, that the Association will, at all times, be in compliance with current Kingston's ordinances governing Market Rate Elderly Housing.

- 6) **The Planning Board shall maintain and exercise the authority to approve or disapprove all proposed Market Rate Elderly Housing developments.** The Planning Board shall act reasonably in exercising its discretionary authority to issue a conditional use permit and shall take into consideration such factors, for example, as: the health, safety and general welfare of the citizens of Kingston; the aesthetic impact on immediately surrounding areas; whether the design is adequate to meet the unique needs of elderly residents; and whether the proposed development complies with the requirements of the applicable requirements of Kingston's Zoning Ordinance and Subdivision and Site Plan Regulations.

---Board of Selectmen Annual Report---

For the second year in a row, the Board of Selectmen was proud to announce another modest decrease in the Towns' portion of our property tax rate. Through hard work and an eye towards spending, we were able to decrease our tax rate by 1.2% while the schools rate increased 11%. Even though the towns' rate decreased the amount of services provided increased. This increase in services included a new full time police officer, a full time fire chief, and a full time building maintenance man.

Landfill: We are putting the finishing touches on the landfill closure project. The State of NH has just awarded us a 20% grant for the landfill closure project which equates to approximately one million one hundred thousand dollars. These monies will be paid to us over the next four years and will be set aside in a fund for the future monitoring and maintenance expenses of the landfill. As I have stated in the past, I believe that the surplus, which is approximately Five Million Dollars, belongs to the Tax Payers of Kingston and they should decide how it is used. In keeping with that thought, the Board of Selectmen will be sending out a questionnaire to all registered voters to solicit your recommendations on how you would like to see the surplus used.

West Nile/ EEE: Over the past several years there has been a lot of debate on the best way for the town to deal with the recent outbreak of the West Nile and EEE Virus in our community. Last year the voters approved thirty thousand dollars which allowed us to implement a plan that consisted of testing and spraying areas around Kingston that tested positive for the virus. This year we will expand our program slightly by spraying additional breeding grounds and areas where children tend to congregate. Because of the area we live in and the abundance of surface water the best prevention is wearing long clothes, staying indoors after dark, and using bug repellent that contains DEET.

In closing, on behalf of the Board of Selectmen I would like to thank all our town employees and the dedicated volunteers who help make the Town of Kingston a great place to live.

*Respectfully submitted,
Mark A. Heitz
Chairman
Kingston Board of Selectmen*

Nichols Memorial Library 2005 Annual Report

Much has happened at Nichols Memorial Library this year to continue our mission to offer exceptional collection, programming and service standards for our patrons. Our outstanding staff has remained constant through the year with Patti Walker as our Adult Services Librarian, Karen Kamon as our Children's Librarian, Jill Bordelais - library assistant in the Children's Room, Darryl Crepaux - library assistant/computer maintenance assistant, Kelli Lennon - library assistant, Kathy Sullivan - library assistant and myself as Library Director. Thanks to all for their efforts! We were also assisted by two volunteers who fulfilled their curriculum requirements here at Nichols Memorial Library. Thanks to Sam Peck and Amanda Cockerline for their tremendous work! We hope to grow the opportunities available to community volunteers here at the library in coming years.

Our Strategic Planning process, begun in February of 2005 to help define the direction of the library over the next five years will be finalized during 2005 and distributed in the New Year. This process was made possible by the community volunteerism of the dedicated members of the Planning Committee: Marilyn Bartlett, Charlie and Wilhelmina Bradley, John Chasse, Glenn Coppelman, Dannielle Genovese, Marie Ronco, Tami St. James and Doreen Ward. Theirs was a long and daunting task, but 2005 will see the fruit of their labors in the form of a plan that will continue to bear a bounty of community benefits through an effective, efficient and excellent public library. The library's mission and role in the community have been re-addressed, and we have established a series of goals and objectives, informed by the voice of the community, that will direct our efforts and initiatives in the coming years. We look forward to sharing the plan with our patrons and the community. Thanks to all who took part in the process through participating in committees, discussions, forums, or surveys throughout the process. As always, thanks too for your generous support, contributions and donations to the library.

Our collections continued to grow in 2005, broadening the range of materials and formats that have built our strong circulation statistics; including books on tape, music CDs and video materials in both VHS and DVD. Our programming offerings almost doubled in 2005 with instructional and entertaining speakers and a variety of activities. The library continued to offer and update the computer and Internet options available to patrons, and to collect and disseminate public service information. Library sponsored discussion groups brought books and topics of interest to light in the community. All of these services continue to be tempered by consciousness of value and significance for the required expenditure. It remains library policy to undertake fundraising initiatives and to pursue federal or other grant opportunities applicable to our operation to supplement our budgetary requirements.

Our Friends Of The Library group has enjoyed great success this year in their quest to support the mission of the Nichols Memorial Library. I'm sure you've seen them at election day bake sales and on the Plains during Kingston Days fundraising for their objectives. This year alone, the Friends provided the Library with four new passes to museums and cultural organizations in the region, a digital camera for library promotion, a new canopy for library events, and a space heater for those chilly days in the Children's Room. These are just a sampling of the many services offered by this important group. The Friends Of Nichols Memorial Library deserve the thanks of their entire community for the work they do to support the Library.

We express our thanks to all those in Kingston and beyond for their generous support of library fundraisers and for the other contributions mentioned. We also extend our invitation for participation in the varied aspects of fulfilling the goals and objectives set forth in our Strategic Plan which will be available at the Library and on our website www.nichols.lib.nh.us in January 2006.

Report of the Kingston Police Department

It is my pleasure to present the 2005-year end report of the Kingston Police Department. Kingston is a small rural community that continues to change. The goal of the Kingston Police Department is to provide the most professional, timely and efficient services to our residents. To achieve these goals, in our ever changing environment we must seek out new and innovative strategies while developing and implementing new technologies which improve the efficiency and effectiveness of our organization. In 2005 the department received \$79,184.00 in grants and donations that financially assisted the department in our overall mission.

In 2005 a dedicated long-term employee moved on to retirement after twenty years in the profession. We wish Lt. Rick Theriault best wishes and sincere gratitude for his 18 years with the Kingston Police Department. We also welcomed full time officers Ronald Clement Jr. and William Butler, who filled vacancies within the department.

Last year I reported to you that a joint terrorism training exercise was in the planning stages for the year 2005. I am pleased to inform you that the fire, highway and police departments performed well and gained practical experience during this training event.

Your local emergency responders (fire, police, and highway departments) are the first professionally trained personnel that respond to every emergency or disaster within our community. These organizations work extremely well together, for the common goal of serving and protecting you, our friends and neighbors. It gives us, the members of the Kingston Police Department pride and great pleasure to serve you the residents of Kingston. We thank you for your continued support and appreciation for the Kingston Police Department.

Donald W. Briggs, Jr.

Report of the Kingston Fire Department

The year 2005 has proven itself to be a year of continual change at the Kingston Fire Department. I am proud to be the first full time Fire Chief for the town. We have a strong history of growth due to the dedication of our members and the leadership of our past Fire Chiefs. I would especially like to extend a special thank you to retired Fire Chief Norman Hurley who served this department selflessly for 13 years. Norman brought the Kingston Fire department forward to a new level during his years as Chief. His hard work has made my transition to Chief an enjoyable one to say the least.

The Kingston Fire Department continues to pursue grant funding to assist us with our goal of providing quality service to the community. This year was quite remarkable with \$139,081.75 awarded in grants to the fire department. It was used to purchase a lap top computer for the command car, two educational robots, a mobile breathing air compressor, upgrades to our self contained breathing apparatus, respirators for all emergency responders, and smoke detectors and spare batteries. We are currently awaiting word on the status of other grants for which we have applied in order to further enhance our programs and provide for the safety of our community and fire personnel. We actively research and apply for grants as they become available.

Most of these grants required a local cash match which was made possible thanks to Plaistow Wal-Mart and Kingston Insurance. Safeway Transportation also donated a Dodge van which is being used for our fire/injury prevention program. Custom vehicle graphics were donated by Salem Sign.

Without the continued support of the residents of Kingston and all the members of the Kingston Fire Department the 1,749 calls to date, along with all the other programs the department offers, would not have been possible.

I would like to extend a sincere thank you to all the dedicated members of the Kingston Fire Department for their continued commitment. These brave men and women risk their lives every day to protect life and property. I would also like to thank Police Chief Donald Briggs and Road Agent Richard St.Hilaire and their staff members for their continued support over the years.

Respectfully submitted,

REPORT FROM THE ROAD AGENT 2005

HIGHWAY DEPARTMENT:

Winter of 2004/05 consisted of 23 snow storms and 6 ice storms. The accumulation was one hundred and ten (110) inches. This total was far above normal! I believe this was the second highest total snow accumulation since I became Road Agent 19 years ago.

I applied for Federal Disaster Funds in March and the total received from FEMA was nineteen thousand five hundred fifty three dollars and eighty two cents (\$19,553.82).

Spring, Summer and Fall were uneventful as far as extreme weather. We received a new Dump Truck with plows, sander and wing. This will replace the 1992 truck which was auctioned this fall.

We are in the process of mapping all G.P.S. culverts and catch basins to keep us in compliance with our EPA Storm Water Protection Plan.

MUNICIPAL BUILDINGS AND PROPERTIES:

The Town Hall received a much needed electrical service upgrade. It was upgraded from 100 amps to 200 amps. We also have installed central air conditioning to the upstairs of the building as all public meetings will be held upstairs.

The Library had new carpeting installed on both levels as it was a safety hazard. A safety audit was done on all buildings and proper supplies were put in place to keep us code compliant.

PARKS AND RECREATION:

Our fertilizer program seems to be paying off as the grass on all town properties was much greener and in better shape this year. Six (6) diseased trees were removed from the Plains and twelve (12) new trees were planted in their place.

Eight hundred (800) daffodil bulbs were planted on the grounds of town buildings. These were a gift from NH The Beautiful because of our very successful spring clean-up with litter removed from the sides of town roads. This was a town-wide event sponsored by the Fire and Highway Departments. Again this year, in spite of the rain, we collected approximately 500 bags of rubbish from town properties and roads.

HOPEFULLY, we can make this an even bigger success next year!

LANDFILL:

The Landfill is 98% closed. All major work was completed on May, 2005. We will do a final walk-thru and check of the punch list in May, 2006. At that time, the Town will be responsible for long-term (at least 40 years) maintenance and monitoring of the landfill with quarterly water tests from all the drill test wells. We will also need to survey the site every year to check how much and where any settling is taking place. The landfill was settling at a rate of 18" per year and will probably do so for a few more years. We will also have to monitor it for any sink holes and slides to maintain the integrity of the line. With that being said, we shouldn't be too eager to spend all the surplus funds too soon.

I am up for re-election this year. Hopefully, I will have the opportunity to write this report next year! It's been an honor being your Road Agent for the last nineteen (19) years.

*Respectfully submitted,
Richard D. St. Hilaire
Road Agent*

REPORT OF THE KINGSTON PLANNING BOARD 2005

The Planning Board meets at least three times a month (usually the first, third and fourth Tuesdays) in the Kingston Town Hall. Elected Board members volunteer their time to review development applications, determine compliance with local ordinances & regulations, gather public input & comment, weigh the community impacts of each project and, ultimately, vote to approve or deny each submittal. The Planning Board is also responsible for maintaining an updated Master Plan for the town per State statute. Meetings are open to the public, and can consist of Hearings and discussion on a wide variety of issues including:

- Commercial/Industrial Site Plan Reviews
- Residential Subdivisions
- Lot Line Adjustments
- Zoning Ordinance/Regulation Review
- Master Plan/Capital Improvement Plan Development & Updating

In 2005, the Planning Board proposed, and voters approved, a third commercial zone for Kingston. Commercial Zone C-III formally designates properties with frontage on NH Route 125 in the southern part of town for commercial use. C-III will allow further expansion of Kingston's economic base, while minimizing intra-zone conflicting uses.

The Planning Board was once again successful in receiving a Targeted Block Grant (TBG) from the Rockingham Planning Commission (RPC). The 50/50 matching grant program gives non-coastal communities in the RPC's planning region the opportunity to compete for funds that support the local planning effort by enabling project specific tasks. This year's project will result in Global Positioning System (GPS) map data for all of Kingston's culverts, catch basins, water outfalls, dry hydrants and Town bounds. The electronic, geo-referenced map data will be extremely useful to many town departments in their planning and work efforts.

To better serve the public, the Planning Board office (upstairs in the Town Hall) is now open three days per week. For current office hours, please call 642-3706.

2005 also saw the retirement of Town Engineer, Ken Briggs. We acknowledge and thank Ken for his many years of dedicated, thoughtful and consistent service to the Town of Kingston and, specifically, to the Planning Board. In addition, the Planning Board recognizes the continued service of Glenn Greenwood (Circuit Rider Planner) and Sally Cockerline (Board secretary). We are, indeed, grateful for their assistance and hard work. We also offer our sincere thanks to Kingston residents and all town departments, committees and commissions for their invaluable help in the planning process.

Respectfully submitted,
Glenn Coppelman
Chairman

REPORT OF THE ZONING BOARD OF ADJUSTMENT 2005

The Zoning Board of Adjustment has had an incredibly busy year. Recent zoning changes have increased the responsibilities of the board and the board met almost every month in 2005. Generally there were between two and five public hearings conducted every month.

The Zoning Board of Adjustment is an appointed board of five members and two alternates. The current board has five members and one alternate. Those members are Electra Alessio –Vice Chairman, Denise Gregson, Sandra Seaman, Kevin Burke, Ken Rota (alternate), and Sally E. Cockerline Chairman. The Town of Kingston is fortunate to have these dedicated volunteers to serve its residents and look after the best interests of the Town.

The Zoning Board of Adjustment is an appointed, quasi-judicial board that has multiple duties:

- o To grant variances, special exceptions and appeals of administrative orders.
- o To allow fair use of a person's property without harming another's.
- o To determine if an error had been made in the decision or determination of a Town Official of local land use board.
- o To interpret the meaning of a zoning ordinance.

The Board would like to extend a sincere "thank you" to all town boards, departments and staff, who assist the ZBA with their expertise and advice. We would also like to thank Amanda L. Cockerline for serving as the temporary secretary while the Board Secretary Bonnie Gearty was on maternity leave. She did a wonderful job and we wish her the best of luck at The Thomas More College of Liberal Arts.

The ZBA meets on the second Thursday of each month. We encourage volunteers from the community to serve as alternates. We also encourage residents to attend the meetings and to be involved in their town. Please contact the ZBA office, the Selectmen's office or a member if you are interested in joining the ZBA.

*Respectfully submitted,
Sally E Cockerline
Chairman
Zoning Board of Adjustment*

New Single Family Homes – 21 (two with accessory family apartments)

Duplex Homes – 2

New Commercial Buildings – 3

Demolition – 11

School – 1

Robert Steward
Building Inspector

REPORT OF THE CONSERVATION COMMISSION

2005

The Kingston Conservation Commission (KCC) continues to provide advice to the Planning Board and other Town committees regarding natural resources and conservation matters, primarily through the site plan review process. This year we reviewed several proposed large scale commercial and residential development plans. The KCC also fielded numerous calls from Kingston residents regarding what can and can't be done within the Town's wetland and shoreland protection districts. We also completed another year of compiling water quality data from Great Pond. This is done through a volunteer group headed by KCC member Dave Ingalls. The collected data is used to monitor potential negative human impacts to the lake's overall quality.

This past year also saw additional work completed at the Town Forest located off Hunt Road. As many of you might know, we cut several hiking trails through the Town Forest a few years back. This year we were lucky to have a local Boy Scout construct a bridge over one of the streams that crosses through the area as his Eagle Scout project. During the coming year we hope to complete better marking of the trails, erect signs, and complete a trail map so that the area will be more user friendly for everyone in town to enjoy.

Brian Quinlan
Chairman

REPORT OF THE HISTORIC DISTRICT COMMISSION 2005

The Historic District Commission is charged with “safeguarding the heritage of the Town as it is represented in structures of historical and architectural value located in the Historic District” as granted under NH RSA Chapter 673:1. Provisions of Ordinance: Article IV, Sections 4.10-4.21 of the Kingston Zoning and Building Codes. The members of the Commission take this responsibility seriously and with all good intentions of fairly executing the regulations and articles as applications are presented.

On June 14, 2005 elections were held to replace Chairman Kevin Burke who felt his work schedule did not permit him to chair the Commission. Virginia Morse was elected Chair; Alfred Alberts was elected Vice-Chair.

In 2005, there were six applications for certificates of approval; five approvals were given. One application is pending completion by the applicant.

Meetings are held on the second Tuesday of each month at 7:30 PM in the Town Hall. All meetings are noticed in the Town Hall and Post Office. The public is always welcome. Minutes of all meetings are on record in the Town Clerk’s Office and application approvals and denials are recorded with the Selectmen.

*Respectfully submitted,
Virginia Morse, Chair*

AUDIT REPORT 2005

The audit firm of Plodzick & Sanderson, Concord, NH has been contracted by the Town of Kingston regarding the general financial statements of the Town. We regret this report was not available at the time of printing. When the report is received, it will be announced and copies will be available.

Kingston Board of Selectmen

Town Of Kingston
Department of Health
Kingston, New Hampshire 03848

December 9, 2005

Below are the statistics from January 1st 2005 thru December 1st 2005.

- 55 – Test pits witnessed
- 72 – New subsurface designs approved
 - 2 – conversion, 25 – Initial Design, 3 – as-built, 4 – redesigns, 16 – replacement, 0 – back-pocket, 16 – repair/failed systems, 1 – re-submittal, 3 – amended, 5 – changes per NHWSPCC
- 5 – Failed subsurface systems approved for In-kind repair*
- 47 – Subsurface systems – bed bottom inspections
- 39 – Subsurface systems – backfill approved
- 25 – Occupancy Inspections
- 2 – Business Occupancy Approvals
- 33 – Well drilling permits issued
- 5 – Childcare Facilities Inspections
- 2 – Site Plan Reviews
- 29 – Building Permit Reviews

I have satisfactorily resolved 14 complaints/violations and am currently pursuing 18 additional complaints/violations.

We have seen an increase of both the West Nile Virus (WNV) and Eastern Equine Encephalitis (EEE) thru out the state and more importantly within the town. In Kingston two horses contracted EEE and had to be put down. After the town meeting vote last year, the town entered into an agreement with Dragon Mosquito Control Company to initiate a program monitoring and treating all catch basins and culverts for possible mosquito pools. They have been fairly successful in locating areas where the EEE and/or WNV type of mosquitoes breed. It is important to note that there are approximately 25 types of mosquitoes, but only a couple of those can carry either EEE or WNV. There are no known instances where mosquitoes have been a carrier of both EEE and WNV. We hope to continue the program this year.

*In-kind repair are failed septic systems that meet the State of New Hampshire's requirements for repair and do not require a new subsurface system design. (Must be a state approved system, be more than 75 feet from wells and water, and 2 feet above seasonal high water table).

2005 Report of the Kingston Recreation Commission

The Kingston Recreation Commission reports another successful year in 2005.

In 2005 we sponsored an Easter Egg Hunt, Middle School Dances, Children's Games and Entertainment at Kingston Days, Three Free Summer Concerts "On the Plains", offered discounted Water Country Tickets, offered more Senior Trips than ever before and Christmas Tree Lighting and Caroling Hayride along with the Boy Scouts.

We provided financial support to several local sports leagues to help them with equipment and scholarships.

Our Summer Program at Bakie School was a huge success, lasting seven weeks instead of our normal eight weeks due to a late start.

The War in Iraq has continued to slow our progress on completing the next phase of our Fairgrounds Project as we are awaiting the Army Corps of Engineers.

Kingston Recreation members, Roger Clark, Ralph Murphy, Chris Burke, Donna Duddy, our Rec. Coordinator and myself have continued working well together to offer new programs and events for all ages.

We thank our Selectman and appreciate the assistance from Selectman's Office personnel, Cindy, Ann, and Kathy.

This past year, we worked to bring you our very best. Kingston Recreation remains open to new ideas, new members, and all constructive input.

Aris Kopoulos- Chairman
Kingston Recreation Commission

Trustees of the Trust Funds and Cemeteries

The Town and Trustees welcomed Roger Clark as our new Sexton. Roger has been busy laying out and marking boundaries of the new burial sites at Pine Grove and Greenwood Cemeteries, including the new veterans' section of Greenwood. Additionally, Roger has conducted 36 interments this year and oversees the maintenance of the Town's four cemeteries and the Happy Hollow graveyard.

The cemetery bylaws were modified by warrant this year so that single gravesites are now available. Sites can still be purchased in plots of two, three, four, or six at a cost of \$300 per site for Kingston residents and former residents.

The Trustees hope to embark on a program of repairing the broken historic gravestones in the Plains and Pine Grove Cemeteries, subject to the availability of professional repair services at reasonable cost.

The damaged chain link fence at the Pine Grove Cemetery was replaced this past spring with a more traditional granite post and chain fence. The new fence will be less prone to harm by snowplows. At the recommendation of Road Agent Rich St. Hillaire, a claim was filed with the State resulting in the Town receiving \$3700 in damage compensation.

Kingston resident Greg Gainty has been working with the Trustees to develop a plan for the replacement of the Town Cemetery signs. His plan has been approved by the Boy Scouts as an Eagle Scout project, so Greg will be busy next spring and summer.

The Trustees are working on a revised investment policy and will be getting professional financial advice in managing Trust Funds to maximize income and to grow scholarship funds in order to keep up with inflation.

Due to publishing deadlines, the following report of the balances of trust funds is as of 30 November, 2005.

2005 REPORT OF THE KINGSTON DAYS COMMITTEE

This Committee started after the Town Of Kingston's 300th Anniversary Celebration. For the past twelve years a handful of volunteers have planned a variety of family oriented activities for the three day festivities. The proceeds from the weekend are used for preparation of the Town of Kingston's 325th Anniversary Celebration in 2019. Each year new and exciting activities are added.

The committee wants to thank the number of local businesses, organizations and individuals who have supported and helped make the weekend possible. We have a number of volunteers who contribute their help year after year and for this we are extremely grateful. Without the volunteers, it would not be possible to have such a variety of activities for the townspeople. We welcome all the help we can get! If you are interested in volunteering or have a great idea for the weekend events, please contact one of the committee members.

The goal every year is to present a three day program which is enjoyable for all age levels. New ideas are welcome! Each year, the event draws a bigger crowd. Entertainment for the coming year includes several local groups with the hope that more local organizations will join us in celebrating the great community feeling of the Kingston residents.

This year a new sub-committee member, Cindy Burke, will be in charge of the auction.

We thank you for your past support and hope you enjoy and continue to support Kingston Days.

*Respectfully submitted,
Joe Thompson

HUMAN SERVICES DEPARTMENT

2005 REPORT

The Human Services Department provides aid throughout the year for those Kingston residents in need of temporary assistance. We also direct residents to other programs available through the State of New Hampshire.

This department is also responsible for the Food Pantry, providing food throughout the year in addition to holiday food baskets at Thanksgiving and Christmas. The ability to provide this service is completely funded through donations. The Food Pantry provided approximately \$8000 worth of groceries to residents this year.

The Human Services Department also distributes donated toys to families at Christmas. This year was tremendously successful in large part due to the efforts of the Kingston Volunteer Firemen's Association sponsored Toy Drive.

We want to express our gratitude to the many residents, businesses and organizations that have made donations to this department. It is due to this support that many of these services are available.
